What If We Tried to Live Like We're Dead? - dnetesn ===== sixbrx I wouldn't mind some remapping of my body and consciousness so I could experience them more accurately as I understand them better. I love the idea of this article and the book. I think we're just at the start of the industrial revolution of consciousness - I feel like when we invent the internet maybe we'll figure out how to invent computers which will be able to reorganise our brain and our senses in fundamental ways. ----- mylons This is great, we can map the brain and the body and see how well it all works. In a way the brain is mapping the body...but what would happen if the brain stopped mapping and just simply accepted information? \----- d0c515b9f4
