With Europa Universalis IV, Paradox Development Studio has built on their well-received franchise to create something truly unique. The gameplay remains very similar to Europa Universalis III, but it does boast some new features to keep you hooked. The player can take possession of one of the historical countries of this period. Power over the state includes government, trade, diplomacy, and military operations against hostile countries. All countries in the game are connected by a network of diplomatic and economic relations. Compared to the previous parts of the series, the player received more freedom to control the country; the game interface has also become more transparent. These changes contributed to a positive reception of the game by critics who praised the game. Also for Europa Universalis 3, four game-changing expansions have been released. If you like empire building games, game europa universalis a relative breeze. It s not as simple, and you have to keep your patience, but only with a person s dedication, a sense of patience, and persistence could you ever, even with the simplest of games, expect to see results. If you want to expand your empire, have an army, or become the world power, this is one of the easiest games you will probably ever come across.
