Hello, has anyone purchased this scenery? I bought it, and I'm getting terrible performance with or without AI. FPS starts at about 30 and drops to ... 10 or so. Everything becomes blurry. I think it's because I'm using the default settings. I want to be able to play on medium settings and use AI on high settings. Other than that, I haven't gotten any problems with it. It's just amazing that it gives us this kind of performance. I thought it might have something to do with the fact that I am using an AMD graphics card. UPDATE: I started playing on medium settings, and the production
