## **What's new:**

**Once, there was a woman who began living the life that she had dreamt of her whole life. She was full of happiness and pride, and even found perfect love in her life. She was the perfect wife and mother, and people who knew her would have said that she was beautiful. She lived in a town in the middle of the country, where the scenery was pleasant throughout the year. Because she was the mayor of the town, she became famous throughout the country. But then, something unexpected happened. One day, as she was strolling along the street, she got in the way of a young man on a bicycle. The young man hit a rock and his bike went flying. In the rush, the young man lost his balance and ran into her, and then he fell over. The young man hit the ground and lay there, but he felt no pain. "Eeeeeeeeeeeee!" The young man's blood suddenly gushed out of his stomach, and he was dead on the spot. Just then, a car driver, who was looking at the young man's body in amazement, shot the car forward, and sped away without any time to comment. However, he also didn't feel a thing. "Give me your hand." Lina Gokai began moving as she heard the woman on the corner scream. Not only did she hear it, but also saw the blood that flowed out from the woman's chest. Blood was gushing from the wound**

on the woman's chest, and the gushing blood was flowing to the ceiling and turning the sky dark red. After a short time, the blood stopped, and the bleeding woman lay on the ground with her eyes closed. "Could it be...?" When the woman Gokai was helping closed her eyes, it was as if she sensed something that was getting closer. "Ahahaaa! Ahaha!" Lina Gokai giggled as she took the woman's hand with one hand, and as if she was cutting a piece of a big pear with the other hand, she sliced the young man's wrist. As that white liquid began flowing out, Lina Gokai bent over onto the dead man's arm and smelled it. Then she brought the arm to her nose and sighed deeply.
